

The background of the slide is a photograph of an industrial robotic arm, painted in bright yellow and orange, performing a welding task. The arm is positioned diagonally across the frame, with its end effector (a welding torch) in contact with a metal workpiece. A bright, intense blue and white light emanates from the point of contact, with a shower of sparks flying outwards. The workpiece is a large, flat metal plate with a grid of circular holes. The overall scene is dimly lit, emphasizing the bright light from the welding process.
